11th December 2023

Dear Parents/Carers

School Milk

We will be offering milk to children who would like to have it during next term.

- Milk is packed with calcium needed to build strong bones
- It provides a broad range of other essential minerals
- It provides a wide range of vitamins
- Milk is a great source of body-building protein and energy

No other drink delivers such a nutritional package. Milk is natural with no additives and is also safe for teeth. Dentists and dieticians agree that the best drinks for children are milk and water, especially between meals.

If you would like your child to receive milk for the Spring term please order **via** Schoolcomms- (School Gateway). **If your child is entitled to Free School Meals you do not have to pay for milk, but you MUST still complete an order.**

Please note that **NO** orders for milk can be accepted after Thursday 18th January 2024.

Flexible Charging scheme claimants **do not qualify** for associated benefits i.e. free school milk, free accommodation on residential school trips.

Many thanks,

Yours faithfully,

Mrs Z Lowe
